As a resident you are the expert on your area, the issues it faces and what improvements could be made to make it an even better place.

The draft neighbourhood plan is the document that will shape the development of the area and we want to know if you agree with what is being proposed.

The plan includes options on topical issues such as locations for new housing, design of new development, sites for business, community facilities in local areas and the protection and enhancement of public open space.

We are holding a number of information events so that everybody has a fair chance of giving their views.
